

# SHAKIRA

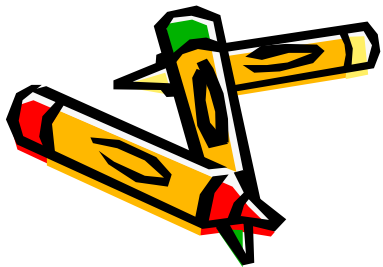

I like many types of music  
pop, rock , techno

- In my opinion the best singer solo artist is Shakira. Her music is relaxing and the lyrics are very catchy.

Shakira can sing  
very well. She  
composed her  
lyrics from 8  
years. Her lyrics  
are interesting and  
she participates in the  
program 'wanted  
an infantile artist'

- She writes about  
her country  
(Colombia)

- I like listening to her music when i chatting with my friends, when i relaxing in my bedroom and in my mp3 when i go to the class.
